## ELECTRIC FLASHES.

—The House Committee on Elections yesterday reported a resolution seating Clark in the Alabama contested election case.

—The following public building bills passed the Senate yesterday: Oakland, Cal., \$300,000; Cheyenne, Wyoming, \$150,000; Helena, Mont., \$400,000.

—Senator Plumb yesterday moved to reduce the public building bill for Salt Lake City from \$500,000 to \$300,000, but after debate it went over without action.

## Dissatisfied Sailors.

Special to the JOURNAL.

New York, March 7.—A story of mutiny is told by Captain Wm. Pratley, of the ship Riens, from Rio Janeiro. The Riens, a rice ship from Calcutta, put into Rio, commanded by the second mate, and there were nine sailors before the mast. The Captain, first mate and five sailors were in irons. Several days out from Calcutta some bad dork was given to the sailors, and during the night nine of them mutinied. When they complained of the food the Captain said he would starve them into submission. The men armed themselves with pistols and old swords and headed by the second mate, commanded the Captain to give them the key to the store room. The Captain refused and summoned the first mate and five seamen. They could only find two pistols and a musket. Two of the sailors who stood by the Captain were shot down. The Captain, first mate and three sailors were placed in irons by the mutineers, who brought the ship to Rio. The British Consul was informed of the trouble and a naval court convened which sent the mutineers to jail. They will probably be shipped to England.

## Societies in a Fix.

Special to the JOURNAL.

MILWAUKEE, Wis., March 7.—A new law which it is thought will wipe out the benevolent societies of the State came into operation to-day. When it was passed by the last Legislature no attention was paid to it and it seemed to have been entirely forgotten. It requires that all fraternal insurance companies shall report before March 7th, each year, to the Insurance Commissioner, giving a full account of all the business transacted during the year. In failure to do this the societies forfeit their right to carry on business. A large number of societies have failed to comply with the law and they have accordingly forfeited their right to carrying on business. Among the societies which it is asserted will be affected by the law are, the Independent Order of Foresters, Order of the Iron Hall, the Order of Tont, the Knights of Maccabees, the Order of the Golden Chain, the Catholic Order of Foresters and the Royal Conclave of Knights and Ladies.

## A Railroad Sold at Auction.

Special to the JOURNAL.

BALTIMORE, Md., March 7.—By order of the United States Court that portion of the St. Louis & Chicago Railroad extending from Litchfield to Mount Olive, a distance of twelve miles, known as the Litchfield & St. Louis railroad was sold to-day to satisfy a mortgage held by the American Loan & Trust Company, of New York. The principal portion of the line was sold a month ago to satisfy a judgment of the Merchants Trust Company, of New York. The portion sold to-day is a valuable feeder to the Mount Olive coal district and really furnishes the traffic for the road. The sale includes also the right of way obtained by the St. Louis & Chicago Railroad Company from Litchfield to Joliet on the north, by way of Springfield, and to Alhambra on the south, together with all appurtenances and equipments.

## Thinks She is Under a Curse.

Special to the JOURNAL.

MINNEAPOLIS, March 7.—A sensational and interesting story is current about Theresa Murray, a young girl who was sent to the City Hospital yesterday with both her feet frozen. The night clerk of the hotel where Theresa had been employed and where she returned on Tuesday night says that he thinks the girl is demoniac. He says that she told his sister that almost a year ago she had insulted a priest who is now in Duluth. For this impiety the priest told her she would never have another day of happiness as long as she lived. He also said that she would die within a year. It is thought that this anathema so worked upon her simple mind that it became unsettled.

## The Senate's Secrets.

Special to the JOURNAL.

WASHINGTON, March 7.—Senator Dolph's special committee having failed to extract any information from the newspaper men to-day, took another tack, and beginning at the head of the list, summoned the members of the Senate to appear before it, and put them through a course of questioning similar to that applied to the newspaper men. The impression prevails that the resolution to imprison correspondents for contempt will fall through. But there is a probability that some of them will be certified to the District Attorney for prosecution on a charge of seduction.

## Confirmations.

Special to the JOURNAL.

WASHINGTON, March 7.—The following confirmations were made to-day: Land Office, Perry Janson, Blackfoot, Idaho. Postmaster, A. T. Gilson, Winnemucca, Nev.

## An Oregon Cyclone—Rising Rivers—National Capital Notes.

## A \$200,000 Commission.

New York, March 7.—A jury before Judge Lawrence in the Supreme Court yesterday gave Wm. S. Pitt, a broker, a verdict of \$200,000 in his suit against Charles Kellogg for commission. Pitt claimed that Kellogg had offered him \$200,000 commission if he would get up a syndicate to take up and introduce five of his patents on seamless steel tubes. Mr. Pitt got up a syndicate in Baltimore, of which Robert Garrett was one. Kellogg produced only four of his patents and the syndicate refused to take them up unless the fifth and most important one was submitted. Mr. Kellogg, it is alleged, went to Boston with the fifth patent, where a syndicate with a capital of \$2,000,000 took hold of the patents, whereupon Pitt brought suit for damages.

## The Colored Fighter's Tour.

Special to the JOURNAL.

CLEVELAND, March 7.—Peter Jackson's party arrived to-day. Parson Davies denied the story that Jackson was nearly knocked out at Troy by Lambert. The latter, he said, is a professional wrestler weighing 240 pounds who went in to get \$100 promised to any one who stood before Jackson for four rounds. "He didn't fight," said Davies, "he rushed in, grabbed Jackson around the waist and tried to throw him. In fact, all Lambert did was to run around the stage trying to keep away from Jackson, and when he failed in that he would duck his head, rush in and catch Peter around the waist."

## Where Is Judge Lynch?

Special to the JOURNAL.

SACRAMENTO, March 7.—Charles Freeman, who lives at Roseville, and who is regarded as a fighter and a worthless fellow, committed murder at Twelve-Mile House this morning. He was roaming around the House in a drunken frenzy when he found a man lying in bed whom he seized and dragged out in front of the house, where there is a trough for watering horses. Into this Freeman ducked the head of his victim and held him there until the man died. The murderer then went to Roseville where he was arrested. The dead man was a cook employed on a neighboring ranch.

## Railroad Accident Near Cisco.

Special to the JOURNAL.

SACRAMENTO, March 7.—A car on the west-bound freight train was derailed near Cisco this morning, and when the station was reached it struck a heavy support of the snow shed and collapsed 70 feet of the structure. The car was completely crushed. It was loaded with 21 beef cattle and 20 of these were killed. A car filled with plows was also wrecked. The track was cleared in a few hours.

## The Yuba and Feather Rivers.

Special to the JOURNAL.

MARYSVILLE, Cal., March 7.—This evening the Yuba river marks 16 feet, four inches, or ten inches higher than at any time this season. It is now about at a standstill. The current has been strong and much brush has lodged against the Yuba bridge. Some fears for its safety are expressed.

The Feather river this evening marked 16 feet ten inches. Telegrams state that both rivers are falling, within ten miles of here.

## Intend to Outdo Jack the Ripper.

Special to the JOURNAL.

Moscow, March 7.—A ghastly tragedy has come to light in this city. A parcel was left at the residence of Prince Dolgoroukoff, which upon examination was found to contain the head of a woman. With the parcel was an anonymous note, saying: "This is our first exploit. We will soon outdo Jack the Ripper." It is believed the woman was killed for betraying the Nihilists.

## Heavy Rains in California.

Special to the JOURNAL.

DELTA, Cal., March 7.—It is still raining hard with no prospects of letting up. The river is rising and is now within four feet of high water mark. A slide at Tunnel A is on again with several more along the railroad.

The total rainfall for the season is 101.83 inches, snow 60 inches.

## Senate Proceedings.

Special to the JOURNAL.

WASHINGTON, March 7.—Hale opposed the Education bill. Blair then addressed the Senate. He insisted that the Republican party was pledged to the passage of the bill and he predicted that failure to make good the pledge would end the party. The Senate then adjourned until Monday.

## A Bishop Deposed.

Special to the JOURNAL.

CHICAGO, March 7.—The Conference at Emanuel Evangelical Church to-day deposed Bishop Bowman from his office of Bishop on account of numerous alleged scandalous assertions against his fellow-ministers, numerous charges of falsehood and unbecoming language.

## The Poor of San Francisco.

SAN FRANCISCO, March 7.—Pursuant to a call issued by Mayor Pond yesterday, a meeting of citizens was held in the rooms of the Chamber of Commerce this afternoon to devise a plan for aiding unemployed working men. Several prominent citizens denounced the sending of a sensational dispatch to Washington a few days ago by persons styling themselves a committee, representing that there was starvation in San Francisco, and asking that Government rations be issued. The speakers, while admitting there was much distress among the poorer classes, expressed the opinion that the municipality was fully able to afford necessary relief. A resolution was adopted to the effect that a subscription be started and devoted to employing labor in Golden Gate Park. An Executive Committee of ten was appointed to supervise the giving out of work, and \$2,730 was raised to pay laborers at the rate of \$1 50 per day.

## A Villain Foiled.

Special to the JOURNAL.

New York, March 7.—A pretty young girl was crying and gazing at a Cortlandt street ferry boat as it left the slip in Jersey City yesterday afternoon about 3 o'clock. She was Ella Price, 24 years old, and she lives at No. 534 Chestnut street, Philadelphia. She said that she left Philadelphia yesterday morning at 3 o'clock with a young man named Charles Kelly to come to New York to get married. He took her to Brooklyn and asked her to take breakfast in a restaurant located near the bridge. She drank a cup of coffee. A few minutes after she felt drowsy, and realized that she had been drugged. Kelly and a waiter tried to induce her to go up stairs but she refused. They then attempted to forcibly take her up stairs to a room, but she resisted and screamed for help.

Kelly took her to New York, put her on a ferry boat and told her to wait in the ladies' waiting room for him. Kelly disappeared.

## Poison in Their Wine.

Special to the JOURNAL.

CHATTANOOGA, Tenn., March 7.—An attempt was made several days ago to poison Mrs. Whiteside, the wealthiest woman in this city, but the facts have only just leaked out. She and two daughters-in-law were luncheon at her house and all drank from a bottle of wine that had been opened some days before. All were instantly taken sick. An expert chemist found arsenic enough in the wine to destroy several lives. All three ladies are now out of danger.

## The Delayed Trains.

Special to the JOURNAL.

LUCKRE, March 7.—This afternoon a snowslide occurred at Cascade cut. The snow is wet and the snow shovellers and work train are at work clearing the cut. No. 1 and 3 are at Cascade and No. 2 and 4 are at Truckee.

Land slides also occurred in the cut half a mile east of Cape Horn this afternoon, and is 70 feet long and fills the cut from night to ten feet deep. It will take all night and perhaps to-morrow to get the track cleared.

## An Oregon Cyclone.

Special to the JOURNAL.

PENDLETON, Or., March 7.—A special to the Tribune from Wielbur, Or., says: A cyclone passed over Wielbur station this afternoon, crossing Menoham Creek in a northeasterly direction, and for a few minutes the heavens were clouded with trees and branches. A very heavy hail storm accompanied it. No damage is yet reported other than trees uprooted in its path.

## A Drunken Scrape.

Special to the JOURNAL.

WILLIAMS, Cal., March 7.—A man has just arrived from Ashe's ranch, six miles south of here, and swore out a warrant for the arrest of Ezekiel Marsh, charging him with assault to commit murder. The wounded men are Fred Jensen and John Cummings, the former having his right eye cut out and the latter being stabbed in the left arm. The quarrel arose over a bottle of whisky.

## G. A. Smith Gone Wrong.

Special to the JOURNAL.

PRESOTT, A. T., March 7.—G. A. Smith, represented to be a telegraph operator and train dispatcher at San Francisco, was taken off the Atlantic and Pacific train at Flagstaff and jailed here to-day, being insane. He can give no coherent account of himself.

## Rate Cutting.

Special to the JOURNAL.

New York, March 7.—The Castle Garden pool reduced the rates for immigrant tickets to-day to Colorado points from New York from \$41 to \$28. The fare to San Francisco has been reduced, and also to every point west of the Mississippi river.

## A Hotel Partially Destroyed.

Special to the JOURNAL.

PASADENA, March 7.—A fire broke out in the Nevada House early this morning from the explosion of a lamp. The upper portion of the building was destroyed. Insurance \$4,500, loss \$2,500. There were some narrow escapes by jumping.

## A Town Caves In.

Special to the JOURNAL.

WILKESBARRE, Pa., March 7.—The suburb of Plymouth, known as Cerra Hill, was terribly shaken by a cave in this morning, the surface settling in some places ten feet. One house was completely wrecked. Several others were badly damaged.

The annual meeting of the Hale & Norcross Mining Company will be held on March 12.

## Lakeview's Railroad.

The Lakeview Examiner, of Feb. 20th, has this:

The register of the land office at this place has received from the Union Pacific railroad maps of the prospective railroad locating it from the northeast corner of Albert lake to the northeast corner of Malheur lake. Since the maps were filed, locating the road from New Pine creek to Albert Lake, the name has been changed and the company re-organized. The name of this line is now Oregon Short Line & Utah Northern railroad.

It looks as though the Union Pacific must mean something, or it would not continue filing maps to secure the right of way on this line surveyed a year ago.

A railroad is what Lake county needs most, just at present. With a transcontinental transportation line "hard winters" will be a thing of the past, as our people could then get their stock and other products to market at any season of the year.

Our greatest hope is that work will commence on this proposed railroad at an early date. Business would then hum. New people could then find one vast unoccupied territory and make homes with us, thus bringing new money into the country, which would enhance the value of all property within our borders.

## The Trains.

There will be no passenger trains from the West to-day, as a big landslide occurred at New England Mills, the station just below Colfax, yesterday. The slide filled up the cut at that place.

The trains due here yesterday morning were still at Cascade at last accounts, and broken sheds and snowslides at that place were liable to detain them several hours.

## Meaner Than Highway Robbery.

When we consider that the distress in the Pennsylvania coal regions has been largely brought about by a systematic design on the part of the coal companies to so overstock the labor market as to provide for a year's consumption with six months' production, it is not difficult to fix the responsibility for the starving condition of the miners and their wives and children. They are the victims of deliberate greed.—Philadelphia Record.

## Republicans and Cleveland.

Democratic assumption that Republicans are distressed at the prospect of Mr. Cleveland's candidacy in 1892 is foolishness. Republicans would be only too glad to have him put up again. The only fear is that as a candidate he would not be strong enough to make the campaign interesting. Republicans do not dread Mr. Cleveland. They have no cause even to dislike him. If you wish to hear Mr. Cleveland called bad names go quietly into a party of confidential Democrats.

## Making it Pleasant for Wilhelm.

Whatever else socialism aims at it is the implacable foe of the existing order of things. It will make German politics interesting and animated for a long time to come, and will give the young Emperor a domestic problem difficult and portentous enough to discourage foreign entanglements.—Boston Journal.

## A Foretaste of 1892.

The big Mormon Democratic defeat in Salt Lake City this week, to paraphrase an observation made by the late Grover Cleveland five or six years ago, is the preliminary skirmish of the greatest national battle of 1892.—St. Louis Globe-Democrat.

## Stripped of All Disguises.

No matter who holds to the contrary, it is not true that the Southern whites desire to get rid of the Southern blacks. Colored labor is wanted in the South. The thing that is not wanted there is a colored voting population.—Wheeling Intelligencer.

## BREVITIES.

Pat Henry is down from Truckee. The river continues high and muddy. Seymour Bryant has gone to the Bay. Dave Prosser, who is suffering from an abscess, is getting better.

Now is the time to break ground if you intend to build this Spring.

No. 2 did not arrive here until after one o'clock yesterday afternoon.

Washouts east of us are causing the west-bound trains to reach here several hours late each day.

W. D. Wagar and wife celebrated the twenty-fifth anniversary of their marriage last Tuesday evening.

G. E. Holesworth has just finished and put up two pairs of fireproof doors on the back part of the bank annex.

Geo. F. Turritt, of Winnemucca, said to be "elated" for U. S. Surveyor General to succeed Gen. Irish, was in town yesterday.

General Irish in his weather prognostications now warns the people to look out for bluebirds, robins, flies, mosquitos, and such.

Commissioner Callison has been authorized to employ a competent person to write up the resources of Esmeralda county, pursuant to a request for such data from the State Board of Trade.

Geo. T. Mills, Fish Commissioner of Nevada, has received 50,000 landlocked, or Schoodie salmon, from Grand Lake Stream, Maine. Commissioner Mills also says he has about 150,000 Eastern brook trout now in the hatchery.

The County Commissioners of Elko have fixed the tax levy for the year 1890 at \$2.25 on each \$100 of assessed valuation. This is a raise of 45 cents from last year, made necessary by the unprecedented loss of stock throughout the county during the past severe winter.

McKissick's Opera House To-Night.

Renoites will be treated to a first-class comedy and musical entertainment. Read what other papers say of it.

The Postage Stamp Comedy Company demonstrated on the street yesterday that it had in the Black Hussar band a musical organization that could give a lively race to Colonel Patsy Gilmore. Last evening it aptly illustrated that "A Social Session" is one of those clever comedies fully competent to furnish plenty of fun for a week. It is a great card.—Kansas City Times, March 5.

"A Social Session" opened at the Ninth Street theatre to a crowded house last night and made a decided hit. It is one of the most sparkling sessions of comedy ever inaugurated in Kansas City and will receive a fair patronage. Nearly everything presented is fresh and overflowing with humorous situations, catching dialogues and surprising changes that keep the audience on the qui vive for some after surge of side-splitting amusement. The operative rehearsal by the leading characters of the plot in that line, and the audience fairly roared at the ludicrousness of the whole affair. The star orchestra that accompanies the company is remarkably artistic in all its renditions, and the cornet solo by John B. Willott was unusually fine. The comedy will run for the whole week.—Kansas City Globe, Dec. 29, 1889.

Seats on sale at Nasby's new store, on Second street, in First National Bank building.

Making a Home.

The Inyo Independent says: Five years ago Alexander McNett settled on a piece of desert land on the west side of Fish Lake Valley, Nevada. Everybody else thought the place was quite worthless. During the present season Mr. McNett sold fifteen hundred dollars worth of hay from the place. He has a young orchard, bearing fruit of various kinds and of fine quality. It is a good property and increasing in value each year. Throughout Nevada are places where industrious men could locate and make homes as Mr. McNett has done. This beats tramping wearily over mountains and deserts searching for mines, with a pack on the back and very little to eat. The location of Mr. McNett commands a fine cattle range, he has already a nice band of cattle and many of these fed on the range during the present winter without the help of any hay and they now look well.

The Humboldt River Not Affected.

The late rain storm which was unusually heavy for the country, did not affect the Humboldt, which has but very little more water in its bed than it had last fall. Nothing less than the melting of the deep snows up near its head will cause a freshet in the river.

A Success.

The masquerade ball at Verdi last night was largely attended and proved a great success. A number of Renoites were present and several persons came down from Boca. Hastings' band furnished the music and the supper at Wheeler & Cozzens' was all that could be desired.

Going Out of the Sheep Business.

The Silver State says C. Henshel is going out of the sheep business. He says he lost about a third of his flocks last winter and he wants to sell what is left and go out of the business.

The Elko Free Press says:

County Surveyor McClellan is at Reno, putting the finishing touches to his map of Elko county. When completed it will show every point in the county, including the mountains, valleys, water courses, towns, etc., and a home in this section should be without a copy. Mr. McClellan has also forwarded to Washington a map showing the streams and reservoir sites within the county, with a detailed statement of the number of acres of land that can be irrigated by the different reservoirs.

## JUDGE MCKENNEY.

His Body Laid to Rest at Oak Hill Cemetery.

The funeral of the late Judge De Witt C. McKenney, who died at Austin, Nevada, on January 31st, took place on the afternoon of the 11th instant from the family residence at No. 400 North Fourth street, San Jose, Cal.

The members of San Jose Lodge, No. 10, F. & A. M., assembled at their hall, and marshalled by A. B. Hamilton and under the escort of San Jose Commandery, No. 10, Knights Templar, C. T. Park commander, repaired to the family residence, where services were conducted by Rev. F. E. Jewell, assisted by Professor Martin, a choir rendering appropriate music. At the conclusion of these exercises the cortege, which was a lengthy one, took its way to Oak Hill cemetery, where San Jose Lodge conducted the services.

The funeral was held under the auspices of San Jose Lodge No. 10, F. & A. M., at the request of Lander Lodge, of Austin, Nevada, of which deceased was a member. The pall-bearers were Tyler Beach, J. C. Day, S. F. Ayer, A. G. Bennett, Judge Lamar, S. A. Barker, Peter Long and Joseph F. Middleton.

Deceased was Past Grand Master of the Grand Lodge, F. & A. M., of the State of Nevada, a veteran Mason and a member of the order Eastern Star. He was for several years Judge of the Superior Court of Austin, Nevada, being defeated at the last election for the same office.

Judge McKenney was a man who had many warm friends, and in his capacity as Judge dispensed justice without fear or prejudice. His loss is greatly mourned by his many friends and the bar of the State of Nevada, and also by those who held his memory in high esteem in San Jose.

A HEAVY RAIN STORM.

Glowing Prospects for Farmers and Stockmen.

The Silver State, of Wednesday, says:

It set in raining early yesterday morning and continued during the day without intermission. It did not pour down heavily, but it kept it up steadily. The ground is now thoroughly saturated, and springs in the foothills, which have been dry for a year or two are beginning to flow again. There will be no scarcity of feed this season and a storm like the present one last Spring would have saved thousands of head of cattle and sheep, which died of starvation this winter. The deep snow and severe storms of this winter have cost stockmen heavily, but another winter like that of 1888-9 would have irretrievably ruined everybody engaged in grazing and farming pursuits, as there would be nothing for stock to subsist on and farms would be unproductive. Now the prospects for good crops and abundance of feed are all that could be expected, and there will be no loss of stock from scarcity of feed for some years, unless the range should be overcrowded by importing cattle and sheep.

Not Disheartened by Losses.

The Austin Raveille, of March 3d, says:

George Watt tells us that he has about two thousand sheep left out of his band of eleven thousand, before the snow storms set in. Those sheep lived twenty-one days without having anything to eat, and yet people say they are not tough and hardy. If the herder had tried to get the band out when the snow storms first began to come, he would not have lost but one-third of the band. As it was he could not leave home on account of his wife's sickness, and had to leave his sheep perish. If he had been able to get away, he tells us, by taking hay to the camp, and in returning had dragged a tree tied to the hind axle of the wagon with its branches all cut off but near the top, it would have made a trail through the snow. By dropping handfuls of hay along the trail, the strong sheep would have followed the hay and made a path for the band, and in this manner he could have gotten them out of the valley. He took 1,500 head of sheep by this way out of Lake Valley in four feet of snow and saved over two-thirds of them, in the early sixties. His cattle have fared much better and he does not anticipate very heavy losses this winter.

His losses have not depressed his habit as a rustler, and he tells us he has had losses before and it is no new experience; and is now ready to begin anew and raise another band. He wants to buy a band of two thousand ewes, and is looking for a bargain. He does not propose to let the grass grow under his feet, and is now in the market to purchase.

A Rich Shipment of Ore.

The Austin Raveille says: Frank Williams, James Roberts and William Richardson have received the returns from their ore sampled at Ledlie, and they have cause to be delighted with their pitch. Their first-class, consisting of 680 pounds worked 1,651 ounces; second class, 8,057 pounds, 519 ounces; and third class, 7 tons, 145 ounces. Their first class is the richest that has been sent from the Union since it was started. They struck the ledge just before Christmas, having run from the top level across a break about 35 feet. They were told by many that they would never get across the break, as it was a large one; but they held on and struck it rich. The ledge averages 10 inches in width and looks permanent. They have sunk a winze on the ledge about 15 feet and find the prospect just as promising at the bottom and along each side as at the top. They breasted a little on the sides of the winze to get this little crushing before the mine was closed for timbering the shaft.

Nye County Items.

The Belmont Courier has these notes: It is said that the majority of the cattle in the southern part of Nye county are doing well.

We are sorry to learn that Hon. A. H. Greenbush, Millott Brothers, Jas. S. Wood, William Rodgers and other ranchers in Smoky valley have lost quite a number of cattle this winter. The deep snow and cold weather have caused great suffering among the livestock in that section of Nye county.

So far this has seemed the longest, and it has certainly been the coldest and gloomiest winter ever experienced by the inhabitants of this section of Nevada. Jupiter Pluvius, Jack Frost and old Boreas have succeeded in having everything their own way this time. Old Sol ought to play his part now and put a stop to their prolonged rackets.

Jacob Clow informs us that it is feared that all the sheep in Western Nye will perish this winter. Many sheepmen in Nevada are ruined already.

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-wf-ly

## A Pacific Coast Opinion.

One thing is certain, that it will not be long before the people of the United States will imperatively demand more money, and when they do there will be a scramble in Congress to see who can pass silver bills first. The gold-bug influence cannot predominate much longer, and the minute the voice of the people is heard in unmistakable tones the silver question will be settled without any more delay.—San Francisco Chronicle.

Is the reason people will not eat or do not see any difference in cheap nostrums put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? ## Be Sure

If you have made up your mind to buy Hood's Sarsaparilla do not be induced to take any other. Hood's Sarsaparilla is a peculiar medicine, possessing, by virtue of its peculiar combination, proportion, and preparation, curative power superior to any other article. A Boston lady who knew what she wanted, and whose example is worthy imitation, tells her experience below:

## To Get

"In one store where I went to buy Hood's Sarsaparilla the clerk tried to induce me to buy their own instead of Hood's; he told me their's would last longer; that I might take it on ten days' trial; that if I did not like it I need not pay anything, etc. But he could not prevail on me to change. I told him I knew what Hood's Sarsaparilla was. I had taken it, was satisfied with it, and did not want any other."

## Hood's

When I began taking Hood's Sarsaparilla I was feeling real miserable, suffering a great deal with dyspepsia, and so weak that at times I could hardly stand. I looked, and had for some time, like a person in consumption. Hood's Sarsaparilla did me so much good that I wonder at myself sometimes, and my friends frequently speak of it." Mrs. ELLA A. GOFF, 61 Terrace Street, Boston.

A RARE CHANCE FOR AN INVESTMENT AND A HOME

THE MOST LOVELY PORTION OF RENO.

Facing the Truckee—The Aristocratic Avenue—Riverside Driveway—Splendid Sewerage—Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno. Unlike any other part of the town this Addition faces the beautiful Truckee River and Riverside Avenue is certain to become the fashionable driveway of the country. The streets are 80 feet wide, while Riverside and Keystone Avenues are intended to be 100 feet in width. All alleys are 20 feet wide. The soil is a rich gravelly loam, and susceptible of the highest state of cultivation. Being situated as it is it is more safe from fire than any other section. The regular lots are 50x140 feet. The sewerage is perfect.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

### RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.

Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

You are required to appear in an action commenced against you as defendant by Maria Alberti, as plaintiff, in the District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.
